

BC Trucking Association Retirement Savings Program

Attract and retain top talent with a better retirement income roadmap.

➤ The Challenge

To nourish employee morale, retain your best people and attract top talent.

➤ The Answer

BCTA's group retirement savings program. An easy to understand plan, on an award-winning platform, with unmatched administrative and employee support.

Our Partnership

BCTA has teamed with GroupHEALTH North and iA Financial Group to provide an unparalleled experience, combining top level technology with good, old-fashioned customer service.

Help employees steer their long-term savings toward a chosen financial "destination"

Exclusively for BCTA members, the BCTA group retirement savings program is an easy-to-administer solution that helps your employees grow their retirement savings. They can expect to receive phone calls **twice a year** to:

- Help them understand the plan
- Review their, and the company's, level of ongoing contributions
- Review whether they are on track for retirement
- Guidance on other financial and/or insurance needs

In addition to the phone calls, employees can also expect award-winning employee experience through iA Financial Group's website.

The power of the Association

Acting as plan sponsor, BCTA monitors fund performance while its partners, GroupHEALTH North and iA Financial Group, handle the administrative responsibilities. This allows you to focus on what matters most—the running of your business.

To find out how you can participate in the BCTA group retirement savings plan **call GroupHEALTH North's Jane Pomeroy at 236.423.6016**
