

CleanBC Heavy-duty Vehicle Efficiency Program Incentive Rebates YEAR SIX APPLICATION

Please read the instructions below and ensure all required materials are included before submitting your application.

1. Completion of all fields on the form is mandatory.
2. Applications are to be submitted in person, by mail at the British Columbia Trucking Association (BCTA) office at 100 - 20111 93A Avenue, Langley, BC, V1M 4A9 or by e-mail to CleanBC@BCTrucking.com. Your application has not been received until you receive email confirmation. If you do not receive an email confirmation within 2 business days, please contact the BCTA Operations Coordinator at 604-888-5319.
3. The application must include:
 - Have a current National Safety Code (NSC) certificate with a “satisfactory” rating (note: it does not have to be a BC-issued NSC and rental companies are not required to have an NSC);
 - BC Certificate of Incorporation; and
 - Documentation that qualifying the equipment/device has been purchased and installed (e.g., Bill of Sale, insurance documents, lease agreements).
4. BCTA will only review fully completed applications from companies that meet the eligibility requirements of the CleanBC Heavy-duty Vehicle Efficiency Program, including, but not limited to, the following:
 - Have a company delegate take and pass the CleanBC Heavy-duty Vehicle Efficiency Program Course at least every 2 years
 - The incentives must be for eligible equipment to be installed on a heavy-duty vehicle (or vehicles) with a gross vehicle weight (GVW) greater than 7,257 kg and operated in BC;
 - All qualifying equipment being applied for, be purchased and installed in BC;
 - The company must conduct business in BC; and
 - The company must have at least one terminal in BC.

Note: Only fuel saving equipment that is purchased and taken possession of during the Program year (September 1, 2024 to August 31, 2025) is eligible for Program rebates.

Membership in BCTA is not required to participate in the Program.

5. BCTA will use third-party sources to verify models of qualifying equipment in each application and the estimated fuel savings associated with these models.
6. Program Incentive Rebate is not guaranteed and is subject to fund availability (i.e., first come first served as per the Program Guide).

For complete details on the CleanBC Heavy-duty Vehicle Efficiency Program, see the [Program Guide](#).

Is the company listed above an Indigenous company? Yes No Prefer not to disclose			

I, _____, certify that the information submitted on behalf of

_____ is true and correct to the best of my knowledge. I further understand that any false or inaccurate statements may result in denial or revocation of both incentive rebates being applied for through this application and future participation in the CleanBC Heavy-duty Vehicle Efficiency Program.

I recognize that BC Trucking Association may approve all, part, or none of this application request for Program Incentive Rebates.

I further recognize that supporting documentation, including, but not limited to purchase orders, work orders, etc., will be required prior to the distribution of Program Incentive Rebates and that BCTA reserves the right to inspect the vehicle to confirm the equipment has been installed up to one year after the installation date. And lastly, I recognize that all installation work, in which incentive rebates are approved for, must be completed in the Province of British Columbia.

I certify that I have read and understand the CleanBC Heavy-duty Vehicle Efficiency Program details outlined in the [Program Guide](#).
